

REMARKS

Pursuant to 37 CFR 1.312, Assignee respectfully requests that the Examiner enter the above amendment in the above-identified application. Assignee submits this amendment to correct a minor typographical error in the specification. Assignee asserts that the error was inadvertent and with no deceptive intent.

COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

The Examiner's statements of reasons for allowance are hereby acknowledged by Assignee. Assignee agrees that the claimed subject matter is patentably distinct from the documents cited by the Examiner; however, Assignee takes no position regarding the reasons for allowance presented by the Examiner, other than the positions Applicant and/or Assignee has previously taken during prosecution of the above-referenced patent application. Therefore, the Examiner's reasons for allowance should not be attributed to Assignee as an indication of the basis for Assignee's belief that the claims are patentably distinct. Furthermore, it is respectfully asserted that there may also be additional reasons for patentability of the claimed subject matter not explicitly stated in this record. While in accordance with 37 C.F.R. §1.104(e), a failure by the Assignee to disagree with the Examiner, or file more detailed comments, does not give rise to any implication that the Assignee agrees with or acquiesces to the reasoning of the Examiner, here, by this document, Assignee is expressly making clear that no such agreement or acquiesce is present.

Respectfully submitted,

Steven J. Munson
